Keen to live & study overseas? Find out more!

Discover the world as a WEP exchange student. Return with memories and skills for life.

**What?**  WEP offers short-term (under 12 weeks) and long-term (semester and year) student exchange programs to 25 programs.

**When?**  Short-term programs generally take place over the summer holiday period. They are ideal for students currently in year 11. The semester and year programs start in January and August, ideal for students currently in years 9 and 10.

**How?**  Students are invited by volunteer host families and schools to experience the life of an overseas teenager. Volunteer host families open their homes and hearts to Australian students, providing them with a room and meals, but most importantly a welcoming family environment in which they can live and learn. Our students are then placed in a local high school and participate in the classes just like the local teenagers.

**Who?**  Students can be between 14-17 year of age on arrival. Some countries have specific age requirements. Check with WEP.

**Where?**  WEP offers 25 destinations and guarantees country of choice. Most countries do not have language pre-requisites.

**Why?**  Student exchange offers broad based benefits and outcomes for students keen to embark on this international adventure. Most of these are intertwined and come together to constitute the overarching exchange experience.
